Overview

David E. Bridges is a technically trained attorney in our Catastrophic Loss Practice Group, operating out of the Dallas-Ft. Worth, Texas Metroplex. His practice focuses on complex civil litigation, including fires, explosions, structural failures, fire protection system failures, product failures, and other catastrophic losses and construction-related incidents across the United States. His assignments include forensic investigations of first-property and other catastrophic losses, including fires and explosions involving industrial, commercial, and residential facilities, agricultural and commercial equipment, passenger and commercial motor vehicles, including tractors, trailers, and semi-trucks, motor coaches, and passenger buses, and marine vessels. David brings science and law together to investigate those incidents and provide representation from the outset of the incident through trial.

David also represents and consults with private and public sector fire and explosion origin and cause investigators, forensic engineers, and other specialists around the country who are faced with *Daubert*- or *Frye*-related challenges to their qualifications, methodology, and/or opinions. He is an International Association of Arson Investigators Certified Fire Investigator (IAAI-CFI®) and IAAI Certified Instructor (IAAI-CI®).

Prior to joining Meagher + Geer as an associate, David was a technical specialist, fire scientist, and certified fire investigator with our Catastrophic Loss Practice Group. David received his J.D. degree from North Carolina Central University (NCCU) School of Law, operating on the southeastern coastal states on behalf of various Meagher + Geer clients. In his undergraduate studies, David focused on science, with emphasis on fire protection engineering. He has worked on numerous property loss assignments across the United States, in accordance with his status as an IAAI-CFI®.

David also had extensive experience as a special agent, certified fire investigator, and accelerant detection canine (K-9) handler with the North Carolina Department of Justice (NCDJ) / State Bureau of Investigation (NCSBI). There, he worked alongside his partner, NCSBI Accelerant Detection K-9 "Phoenix". Further, in addition to the investigation of structure
